GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—I suffered for seven years with womanly trouble. writes Mrs. Hansen thus in a letter from this city. I felt weak and always had a headache and was always going to the doctor. At last I was operated on and felt better but soon I had the same trouble.

My husband asked me to try Cardui. I felt better after the first bottle and now I have a good appetite and sleep well. I feel fine and I do for tells me I am feeling better than he ever

is. If I am sick and miserable and suffer from any of the pains due to womanly trouble—Cardui is the only thing I can take to get me back to normal. I feel fine and I do for tells me I am feeling better than he ever

GRANGE MIXTURE IS THE BEST

First of all, we ask you to pardon this letter's being printed in this shape. The expense of writing a personal letter to the best farmers in South-east Ala. we found, would be more than we can afford. If they will take time to read it, we feel the time will not be wasted. It is not a begging letter. We have found that it is better for our interests not to beg farmers to buy our brands, but to make our goods so that we can really feel that we do not want any one to buy unless he wants to. And so—this is not a begging letter.

Don't buy it unless you really feel that you want the best. However, the purpose of this advertisement is to call the attention of the farmer who needs the best, to the value of GRANGE MIXTURE. It is our idea of an honest brand. We put into it what we know about guano—not what we think, guess or estimate—but what we know. For a few cents above the price of ordinary guano, you get double value for the difference—plain daylight. The plant food formula of GRANGE MIXTURE is fixed to suit the chemical needs of the soils of this section itself.

It is not merely our idea of what we can make people think a good fertilizer ought to be. As developed by the Dothan Guano Co., after many years of experimental work it stands the test of time—that hardest test. We did not make these trial experiments at the risk and expense of our customers. We did not take on every new fangled material which bobbed up because it was cheap. We stuck to that which we did know; and year by year our sales steadily increase. The perfection of GRANGE MIXTURE in producing increased crop results is positively unequalled by any other.

We do not only believe—we know—it is as perfectly adapted to our soils and crop needs as any you ever bought before at any price. It will unfailingly outlast any other kind. This statement has been proved over and over again many times, and it is easy enough for you to prove it for yourself. Don't be misled into buying something claimed to be "the same thing." You can't teach a parrot to say, "Just as good" but he won't know what he is talking about. Our trade mark protects you. This year, be sure the circle with the word "Makes Green Fields" is on the bag.

Talk about testimonials? Why, we receive every shipping season telegrams and letters by the score from the very best dealers and planters in this or any other country, similar to this: "Why don't you send us some GRANGE MIXTURE? Our customers will not have anything else" and "For goodness sake ship us another car of GRANGE MIXTURE. We are entirely out and people went back with empty wagons today because we didn't have GRANGE MIXTURE." As for testimony from the actual users; it is constantly coming to us, only day before yesterday, we got this one (unsolicited) from Dr. Dalton. Anybody who knows him, knows that he always tells just what he means and thinks. Read what he certifies to:—

Gentlemen:—

This is to certify that GRANGE MIXTURE gave me by far the best results last year than any other brands—notwithstanding I used several other brands. I regard it as being the best guano that the farmer can use for this section. I shall use no other this year. If I had used all GRANGE MIXTURE last year, I would have made ten more bales of cotton.
